Preface.....	vii
Acknowledgments.....	ix
Contributors.....	xi
SECTION I: PHARMACOLOGY AND PHYSIOLOGY	
1. Physiologic Changes of Pregnancy.....	3
<i>Rachel M. Kacmar and Andrea J. Traynor</i>	
2. Uteroplacental Anatomy, Blood Flow, Respiratory Gas Exchange, Drug Transfer, and Teratogenicity.....	19
<i>Curtis L. Baysinger and Barton Staat</i>	
3. Local Anesthetics and Toxicity.....	35
<i>Jennifer Hofer and Barbara M. Scavone</i>	
4. Obstetric Medications.....	55
<i>Ruchira Patel and Mrinalini Balki</i>	
SECTION II ANTEPARTUM CONSIDERATIONS	
5. Ethical and Legal Considerations in Obstetric Anesthesia.....	73
M. Joanne Douglas and William J. Sullivan	
6. Nonobstetric Surgery during Pregnancy.....	83
<i>Joy L. Hawkins and Debnath Chatterjee</i>	
SECTION III: LABOR AND DELIVERY	
7. Fetal Assessment and Monitoring.....	95
<i>Michael G. Richardson, Mary DiMiceli-Zsigmond, and David R. Gambling</i>	
8. Maternal Infection and Fever.....	115
<i>Rebecca D. Minehart, William Camann, and Scott Segal</i>	
9. Non-neuraxial Analgesic Techniques.....	137
<i>WintMon, Roshan Fernando, and Geraldine O'Sullivan</i>	
10. Choice of Neuraxial Analgesia and Local Anesthetics.....	161
<i>Dominique Moffitt and Arvind Palanisamy</i>	
11. Ultrasound and Echocardiographic Techniques in Obstetric Anesthesia.....	191
<i>Laurie A. Chalifoux and John T. Sullivan</i>	
12. Impact of Neuraxial Analgesia on Obstetric Outcomes.....	221
<i>Christopher R. Cambic and Cynthia A. Wong</i>	
13. Anesthetic Considerations for Women Receiving Cesarean Delivery.....	237
<i>Robert R. Gaiser</i>	
14. Difficult Airway Management in the Pregnant Patient.....	259
<i>Uma Munnur and Maya S. Suresh</i>	
15. Anesthesia for Multiple Gestation and Breech Presentation.....	287
<i>Carolyn F. Weiniger</i>	

Contents

16. Obstetric Emergencies.....307
Michael Frolich and Brenda A. Bucklin
17. Newborn Resuscitation.....343
Richard A. Month

SECTION IV POSTPARTUM ISSUES

18. Postcesarean Analgesia.....365
Richard N. Wissler
19. Management of Postdural Puncture Headache.....377
David Wlody
20. Neurologic Deficits Following Labor and Delivery.....389
Mark I. Zakowski and Andrew Geller
21. Postpartum Tubal Ligation.....417
Brenda A. Bucklin

SECTION V: DISEASE STATES

22. Hypertensive Disorders of Pregnancy.....435
Yelena Spitzer and Yaakov Beilin
23. Endocrine Disorders.....451
Jessica Booth, Peter H. Pan, Janine Malcolm, and Erin J. Keely
24. Thrombophilias/Coagulopathies.....479
James PR. Brown and M. Joanne Douglas
25. Cardiac Disease in the Obstetric Patient.....497
Nathael S. Weitzel and Bryan S. Ahlgren
26. Neurologic and Neuromuscular Disease.....535
Tammy Y. Euliano and Mary A. Herman
27. Renal and Hepatic Disease in the Pregnant Patient.....557
Quisqueya T. Palacios and M. Susan Mandell
28. Obstetric Anesthesia for Parturients with Respiratory Diseases.....581
Suzanne K.W. Mankowitz and Stephanie R. Goodman
29. Obesity and Pregnancy.....609
Brenda A. Bucklin and David R. Gambling
30. Trauma in the Obstetric Patient.....631
Hen Y. Sela, Lior Drukker, and Sharon Einav
31. Management of the Opioid Dependent Parturient.....655
Jessica L. Young, Ellen M. Lockhart, and Curtis L. Baysinger
32. Maternal Morbidity and Mortality.....667
Jill M. Mhyre

SECTION VI: GUIDELINES FROM NATIONAL ORGANIZATIONS

33. Guidelines from National Organizations.....679
Kathryn J. Zuspan
- Index.....701
