

# CONTENTS

<b>Executive summary</b>	<b>v</b>
<b>Abbreviations</b>	<b>vi</b>
<b>Introduction</b>	<b>viii</b>
<b>1. The 2030 Agenda - a new impetus for health monitoring</b>	<b>1</b>
<b>2. Implications of the SDGs for health monitoring - a challenge and an opportunity for all countries</b>	<b>3</b>
2.1 Scope - an agenda for all countries. . . . .	3
2.2 Contents - all major health areas are included. . . . .	4
2.3 Equity - the need for disaggregated data. . . . .	4
2.4 Multisectoral data - health-related risk factors and determinants. . . . .	4
2.5 Country monitoring - data gaps and capacity. . . . .	4
2.6 Regional and global monitoring - mechanisms and estimates. . . . .	5
2.7 Review - using data for improved implementation. . . . .	6
<b>3. Monitoring the health goal - indicators of overall progress</b>	<b>7</b>
3.1 Life expectancy - major gains but still large differences. . . . .	7
3.2 Healthy life expectancy - gaining healthy life years. . . . .	10
3.3 Premature mortality - focusing on deaths among those under 70 years of age. . . . .	12
3.4 Data gaps - most deaths not registered. . . . .	12
<b>4. Universal health coverage - at the centre of the health goal</b>	<b>15</b>
4.1 UHC coverage index of essential health services - a new summary measure. . . . .	15
4.2 Inequalities in coverage - towards an integrated assessment. . . . .	17
4.3 Financial protection - measuring the impact of out-of-pocket payments. . . . .	17
4.4 Data gaps - regular UHC monitoring is possible. . . . .	21
<b>5. Equity - leave no one behind</b>	<b>23</b>
5.1 Sex - major differences between men and women for many indicators. . . . .	24
5.2 Age - data should cover the full life course. . . . .	25
5.3 Socioeconomic status - major disadvantages for the poorest and the least educated. . . . .	25
5.4 Place of residence - focus on geographical differences within countries. . . . .	26
5.5 Migrants and minorities - requiring special efforts. . . . .	26
5.6 Data gaps - disaggregation is a crucial data challenge. . . . .	28
<b>6. SDG health and health-related targets</b>	<b>29</b>
6.1 Health targets - 13 targets and 26 proposed indicators. . . . .	29
6.2 Health-related targets in other goals - many targets linked to health. . . . .	30
6.3 Situation in 2016 - a sketch based on global data. . . . .	30
Reproductive, maternal, newborn and child health. . . . .	30
Infectious diseases. . . . .	35
Noncommunicable diseases and mental health. . . . .	36
Injuries and violence. . . . .	37
Health systems. . . . .	38
6.4 Data gaps - need for strong country health information systems. . . . .	39

**Annex A: Summaries of the SDG health and health-related targets** **43**

Explanatory notes . . . . .	43
Target 3.1 Maternal mortality . . . . .	44
Target 3.1 Births attended by skilled health personnel . . . . .	46
Target 3.2 Child mortality . . . . .	48
Target 3.3 HIV . . . . .	50
Target 3.3 Tuberculosis . . . . .	52
Target 3.3 Malaria . . . . .	54
Target 3.3 Hepatitis . . . . .	56
Target 3.3 Neglected tropical diseases . . . . .	58
Target 3.4 Noncommunicable diseases . . . . .	60
Target 3.4 Suicide . . . . .	62
Target 3.5 Substance abuse . . . . .	64
Target 3.6 Road traffic injuries . . . . .	66
Target 3.7 Sexual and reproductive health . . . . .	68
Target 3.9 Mortality due to air pollution . . . . .	70
Target 3.9 Mortality due to unsafe water, unsafe sanitation and lack of hygiene . . . . .	72
Target 3.9 Mortality due to unintentional poisoning . . . . .	74
Target 3.a Tobacco use . . . . .	76
Target 3.b Essential medicines and vaccines . . . . .	78
Target 3.c Health workforce . . . . .	80
Target 3.d National and global health risks . . . . .	82
Target 2.2 Child stunting . . . . .	84
Target 2.2 Child wasting and overweight . . . . .	86
Target 6.1 Drinking-water . . . . .	88
Target 6.2 Sanitation . . . . .	90
Target 7.1 Clean household energy . . . . .	92
Target 11.6 Ambient air pollution . . . . .	94
Target 13.1 Natural disaster . . . . .	96
Target 16.1 Homicide . . . . .	98
Target 16.1 Conflicts . . . . .	100

**Annex B: Tables of health statistics by country, WHO region and globally** **103**

Explanatory notes . . . . .	103
